

Rumble In The Jungle

Rumble in the Jungle is an original production produced by the student body of Koorungal High School. The 2016 production is a catered show that provides canapés and desserts to theatregoers prepared by Koorungal High's senior hospitality students. Over the course of two school terms, over 100 students, with varying level of talents, at Koorungal High are involved and have contributed to 2016's *Rumble in the Jungle*.

Rumble in the Jungle is set on the West Coast of America in the 1940's. Bonnie Holiday, a young entrepreneur, owns and runs the most happening gin joint on the West Coast, *The Jungle*. All is well, until the Fun Lovin' Criminals trash *The Jungle*, leaving Bonnie devastated, and her 2IC's Shirley and Dexter to run the club in her absence. They receive a visit from a man named Clyde, who offers his assistance in 'protecting' *The Jungle*. Bonnie returns, a secret is revealed and *The Jungle* is changed forever.
